Nutrition and Dietetics Program, Buffalo State University KRDN Curriculum Map (Required Elements 3.2) Didactic Courses Aligned with Core Knowledge for the RDN (DPD)

Background: The KRDN Curriculum Map is used to identify the courses in which students are being taught ACEND Core Knowledge (KRDN).

Directions: List courses in chronological order organized by term, including course number, course title and credit hours. Next, using course syllabi, textbooks and assignments, identify what ACEND Core Knowledge occurs in a course and place an 'X' in the appropriate column. Add additional rows as needed.
